Getting started

We make writing a new Platinum policy simple, with our easy “upgrade” feature right in TAP Sales. Agency staff can either select **“Upgrade to Platinum”** for existing **Connections® auto** and **home** quotes, or begin a brand new quote by selecting the **“Platinum”** option on the transaction screen. The easy to follow flow will take you from the auto quote through the home quote, prefilling the named insured information and displaying the new Platinum coverage. Platinum customers will also automatically be quoted an umbrella policy.

Plus, when you use “Smart rating” in a comp rater, it is designed to automatically quote the best product for your customer based on the underwriting criteria you select.
